

# Memorandum

**Date:** May 21, 2007

Special Item No. 3

**To:** Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

**From:** George M. Burgess  
County Manager

**Subject:** Resolution Withdrawing the October 2006 Application to Amend the Comprehensive Development Master Plan (CDMP) and Authorizing the Filing of a Special Application to Amend the CDMP

## **Recommendation**

It is recommended that the Board of County Commissioners adopt the attached resolution. This resolution withdraws the previously filed CDMP application by the Department of Planning and Zoning during the October 2006 CDMP Amendment cycle to address the requirements of the 2005 Growth Management Act and directs the County Manager to file a special application on a special schedule.

## **Scope**

This item has countywide impact.

## **Fiscal Impact/Funding Source**

There is no fiscal impact to the County.

## **Track Record/Monitor**

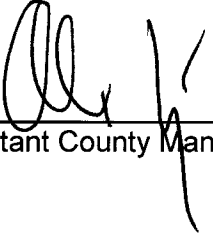

This section is not applicable.

## **Background**

On July 18, 2006, the Board approved Resolution No. R-871-06 authorizing the establishment of an October 2006 amendment process for the purpose of enabling staff to file the necessary application to amend the CDMP Educational Element, along with related amendments to the Intergovernmental Coordination Element and Capital Improvements Element, and the Preface of the CDMP to address the requirements of the 2005 Growth Management Act (Chapter 2005-98, Laws of Florida). These requirements mandate local governments to include a Public School Facilities Element in its comprehensive plan, establish school concurrency that is financially feasible, and draft revisions to the Interlocal Agreement for Public School Facility Planning between Miami-Dade County and Miami-Dade Public School System. Local governments are also required to offer a "proportionate fair share" mitigation system to satisfy school concurrency requirements. The deadline DCA established for Miami-Dade County and its municipalities to adopt the element requirements and a revised interlocal agreement is January 1, 2008. If the requirements are not met, local governments are prohibited from adopting amendments to the comprehensive plan, which increase residential density until the necessary amendments have been adopted and transmitted to the state land planning agency.

On February 25, 2007 the Department of Planning and Zoning published its Application and Initial Recommendations report for the October 2006 cycle. Both prior to, and subsequent to, the publication of the report, the Department worked closely with the Miami-Dade County Public Schools staff to prepare an application to meet the statutory requirements, however issues have arisen pertaining to the data requirements and the uncertainty surrounding the forecasting of long-term public school revenues until the conclusion of the Special State Legislative Session scheduled for June 12-22, 2007 addressing property tax reforms. These issues cannot be resolved by the Board's May 21, 2007 transmittal hearing on this application.

In consideration of these issues, the Department recommends that the Board approve the attached resolution withdrawing Application No. 1 from the October 2006 cycle and instruct the Manager to re-file it as a special application on a different schedule than that provided in Section 2-116.1 of the Code for standard amendments. The Code allows the Board by resolution or ordinance to initiate at any time the filing for consideration on a special schedule, of a special application to amend the CDMP. The proposed special application would be exempt from the twice-per year statutory limitation on the adoption of comprehensive plan amendments pursuant to state law. The proposed schedule for the re-filed application is shown in Exhibit A of the resolution. The proposed schedule still allows for the Board's adoption hearing before the end of the current year in compliance with DCA's deadline of January 1, 2008.

WHEREAS, Section 2-116.1 of the Code of Miami-Dade County, Florida, provides procedures for amending the CDMP which comply with the requirements of the foregoing State Statutes and Administrative Code; and

WHEREAS, this Board now finds it necessary to postpone consideration of Application No. 1, to provide additional time for Miami-Dade County Public Schools to address plan amendment data requirements in light of the uncertainty of forecasting long term public school revenues until the conclusion of the Special State Legislative Session (June 12-22, 2007) addressing property tax reform; and

WHEREAS, withdrawing Application No. 1 from the October 2006 amendment cycle and re-filing it as a special application, on a different schedule than that provided in Section 2-116.1 of the Code for standard amendments, will provide the necessary time while still complying with the State-imposed deadline of January 1, 2008, for adoption of the amendments mandated by the 2005 Growth Management Act; and

WHEREAS, based on the schedule attached hereto as Exhibit A, review and action on a special application is projected to occur during calendar year 2007; and
